At the opening of the grange quite a delegation of visitors had arrived from Franklin and Paris Granges, and more came in later by team and trolley, as there were two hundred and ten members of Norway Grange present; these coupled with the very welcome visitors, made a jolly, good natured crowd. A bountiful dinner was enjoyed and social greetings exchanged.

The meeting was again called to order and after a welcome song by a chorus, followed by an address of welcome by Sister Annie Goodwin and remarks by visiting patrons the time was given over to Captain Goodwin and Young, who presented one of their interesting programs.

There was instrumental and vocal music (songs with original words), tableaux, dialogues, character songs, illustrated hymns, original poem scene, original papers and as a visitor remarked, "the whole work ranked high, affording much energy and forethought, affording an extremely interesting and enjoyable entertainment."

KNOW IT WELL

Familiar Features Well Known to Hundreds of Norway Citizens.

A familiar burden in many a home, The burden of a "bad back."

A lame, a weak or an aching back Often tells you of kidney ills.

Doan's Kidney Pills are for weak kidneys.

Here is good testimony to prove it.

L. E. Monk, mechanic, Pleasant St., South Paris, Me., says: "I suffered nearly every day from a lame back. The kidney secretions were unnatural and I knew that my kidneys needed attention.

Someone told me to try Doan's Kidney Pills and I got a box. They did me a great deal of good and two or three boxes made me well."

Three years later, Mr. Monk said: "My kidneys have remained sound and healthy since I used Doan's Kidney Pills."

Reliable Remedy Restores Kidneys For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is a physician's prescription. Swamp-Root is a strengthening medicine. Dr. Kilmer used it for years in his private practice. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it will help you. No other remedy can successfully take its place. Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Norway Weekly Oxford Co. Advertiser. 13-16

OREN W. BARTLETT.

Had an Envious War Record. With the death of Oren W. Bartlett at his home on Pearl street, Portsmouth, N. H., on Tuesday evening, April 14th, for more than thirty-five years a resident of that city, Storer Post, No. 1, G. A. R., loses another of its members. Mr. Bartlett was in his eighty-fifth year and died after a lingering illness. He was married in Newry, Oxford County, Feb. 15, 1832, the son of Jonathan and Annie E. Bartlett.

When still a young man Mr. Bartlett removed to East Stoneham, where he engaged in the lumber business after completing his education in the schools of that town. He had an enviable record for service in the Union ranks during the Civil War, enlisting in the 5th Maine regiment at the outbreak of the rebellion and serving with his command for two years as a soldier.

After his discharge he re-enlisted on Feb. 12, 1863, in the 1st District of Columbia cavalry, serving in this troop until Oct. 1, 1864, when he was transferred to B company, 1st Maine cavalry. During his services as a cavalryman he took part in the battle of Fredericksburg, as well as in several other important engagements. He was honorably discharged from the service, August 5, 1865, at Appomattox, Va.

After the war Mr. Bartlett entered into the hotel business at Rolesburg, Va., continuing for several years and then returned to Stoneham and again engaged in the lumber business.

In 1880 Mr. Bartlett went to Portsmouth from the Maine town and took charge of the heel finishing department of the Portsmouth Shoe Company, a position which he held for 12 years. Since 1893 he has been much employed at the navy yard, and in 1898, when the captured Spanish prisoners of Admiral Cervera's fleet were held at Seavey's Island, he was placed in charge of the paymaster's store within the stockade for 63 days, during which time he directed the distribution of \$165,000 worth of clothing to the prisoners.

On Oct. 25, 1885, Mr. Bartlett married Phoebe H. Evans at North Waterford, and lived to celebrate their golden wedding in Portsmouth. Mrs. Bartlett died in Portsmouth about three years ago.

He is survived by three daughters, Mrs. Addie E. Mason and Mrs. Susan, wife of William W. Kelley, of Portsmouth, and Mrs. Frederick D. Houga of Boston; together with a granddaughter, Helen M. Bartlett, a Senior at Gorham Normal School.

Mr. Bartlett was a brother of the late Jonathan Bartlett of East Stoneham, who was the last surviving member of a family of eight children.

Law Court Decision. A record has been received by E. J. Records, Oxford County clerk of courts in the case of William H. Smith vs. Maine Central Railroad Co. This was an action brought by the plaintiff, William H. Smith of Stow, to recover for cattle killed and injured by a train in November, 1913. The cattle, which Mr. Smith was to ship, were placed in the yard of the railroad at Fryeburg, at night to await a car the next morning, and during the night broke out and wandered on to the track, where they were struck by the train.

The trial was held at the March term of court in 1915, and a verdict was returned for the plaintiff.

The receipt is by Justice Haley. It overrules the exceptions taken by the defendant to the admission of certain testimony, but grants the defendant's motion for a new trial, on the ground that negligence on the part of the defendant company was not shown.

The Making of One's Will

the deed which conveys the accumulation of a lifetime—is a matter of the utmost importance, yet one which is most easily put off.

We are constantly brought face to face with instances where estates have been dissipated through unwise investments, incompetent management, family strife or costly litigation. Much of this could have been avoided by the timely execution of a will, appointment of an efficient and responsible executor or by the creation of a trust fund for dependents.

As most wills that have been broken by legal proceedings were executed shortly before the death of the testator, it is wise to make the will while in good physical and mental health, when you are capable of looking after every point in a normal manner.

There is no time like the present to write your will. Where this Bank is named as Executor, we keep the will safely in our vaults without charge.

Low Price Loses out Against Low Cost

PRICE may sell some things to farmers, but price alone is a poor argument compared with the records for low cost of operation made by Mogul kerosene engines.

Because they run on kerosene, Mogul engines produce farm power at the lowest possible cost.

You know what gasoline costs. You know, too, what kerosene costs. Take the difference—multiply it by the number of gallons of fuel an engine will consume in five years, figuring one pint of fuel per horse-power per hour.

At what price must you buy a gasoline engine to make it cost you as little as a Mogul does? Could you afford to accept a gasoline engine as a gift? See the dealer about this. He has the figures all worked out for you on all sizes of Mogul engines from 1 to 50 H. P.

80th Birthday.

Carleton Hurd Walker, one of Fryeburg's citizens, who has been closely identified with Fryeburg and everything pertaining to its best interests all of his life, passed his 80th birthday quietly at his home "Island Farm", Wednesday, April 13.

Mr. Walker's daughters had anticipated giving their father the pleasure of meeting his many friends by tendering to him a party to mark the 80 milestone, but as he is not quite as well as usual and the roads are in a bad condition, they were obliged to abandon this plan.

Mr. Walker was the recipient of many letters, cards and telegrams of congratulations.

Mr. Walker, (as well as his father, the late Col. James Walker), was born in the house where he lives. Mr. Walker, although his home and large farm has required most of his time to a certain extent, rendered efficient service to the town, having served several times as chairman of the board of selectmen, for several years acted as president of the Agricultural Society; also as secretary of same. Mr. Walker is a member of the board of trustees of Fryeburg Academy.

In politics he is affiliated with the Republican party. He is a member of Pythagorean Masonic Lodge and has ever been ready and willing to aid in all that tends to uplift his native town.

Frank Hill is in Boston. It is reported he is to change his business. Perley Brown is at present taking his place in Eastman's store.

Frank Osgood is said to be some better.

M. M. Smart is much improved in health.

Mrs. C. T. Ladd returned from Buxton, Saturday night.

The teachers all returned from their vacations, Saturday.

W. R. Tarbox and wife returned from Boston and Concord, N. H., Friday.

Charlotte Hodson spent her vacation with her grandmother in Mountain View, N. H.

Doris Webster is greatly improved in health and has returned from Memorial hospital to her home.

Mrs. James Wiley is getting along very nicely much to the gratification of her relatives and friends.

TO RID CHILD OF WORMS

Don't scold the fretful, nervous child. Often its due to worms. Get rid of them by giving one-half to one lozenge Kickapoo Worm Killer, a laxative worm candy. Give only plain nourishing food, lots of out-door exercise and put to bed early. Watch stools and continue giving Kickapoo Worm Lozenges, they will positively remove the worms. 25c at Druggists.

Your Children Become Rosy and Robust

When children act listless, look frail, lose appetite, become cross and peevish, you need to look after them very carefully. The dull eyes, coated tongue, bad breath tell you that the stomach is out of order, the liver inactive, the bowels need attention, and perhaps worms may be making their troubles worse. Whatever it is, you may be sure that "L. F." Atwood's Medicine will do them a great deal of good. It acts surely on the stomach and bowels, regulates the liver, and has a tonic effect which brings back appetite, fills out cheeks, and makes them rosy. This medicine is safe for the children, and you see its good effects in a surprisingly short time.

Buy a 35c bottle at your nearest store, or write to-day for free sample.

GIRL COULD NOT WORK

How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?' My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLARICE MORIN, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

Will Fiske has a pair of very sick horses. They were taken two weeks ago with the distemper. They are a pair of valuable horses, young and well matched, no better pair in town. He has consulted with a veterinarian a number of times and it is hoped they are on the road to recovery.

The mourners, who came with the remains of Eliza Lebroke from Oxford, took dinner with Samuel Lebroke.

Mrs. Martha Bisbee has been having another ill turn lately. She seemed to be gaining until this set back. We hope for her speedy recovery when the warm spring days come.

Walter Lord bought a horse of H. A. Bickford last week and one of John Grover. They make a fine pair.

Mr. and Mrs. E. K. Shedd went to North Bridgton last week to visit Mrs. Shedd's sisters, Mrs. George Marr and Mrs. O. V. Edwards while there. Mr. Marr has bought the Smith place in the village. Mrs. E. K. Shedd is talking of selling her place in North Bridgton.

Most of the families are painting, papering and furnishing up in general in this vicinity.

Henry Durgin has a large amount of lumber at his mill here. He will commence sawing his pine this week. Both mills in Bisbee town are doing a rushing business. It looks like quite a prosperous place now a days. The old red school house that had lain idle so many years has been repaired and school is held there and everything seems to be coming right along this way.

We are glad to see Herman Lewis again installed in the Perkins store at North Waterford. He is a very congenial clerk.

Jacob Dresser was called to his brother-in-law's, Will Fiske's, to assist in the care of the sick horses. Mr. Dresser is quite an experienced hand with horses.

Mr. and Mrs. Lincoln Holmes visited at John McAllister's over Sunday.

John Grover sold Walter Lord a horse Saturday and bought one of him.

Monte Luce is at work for Roland Littlefield at North Waterford.

The past week has been very good for those engaged in making maple syrup. A very good run of sap and more sweat will be made than was at first expected. Nearly every one in this vicinity is dipping into the sweet to more or less extent.

It is understood Ernest Grover has hired out with his brother, John, for a year. He is working at present for Charles Saunders in North Waterford.

Hood's Sarsaparilla and Pepton
Pills as a Course of Treatment.

For instance, Hood's Sarsaparilla, the standard blood purifier, is recommended for conditions that are serofulous or dependent on impure blood. Pepton Pills, the new iron tonic, are especially recommended for conditions that are anemic and nervous. Many persons suffer from a combination of these conditions. They are afflicted with swellings of the glands, bunches in the neck, eruptions, and sores on the body, limbs and face, and are besides pale and nervous. If these patients take both Hood's Sarsaparilla and Pepton Pills they are reasonably sure to derive four-fold benefit. These two great medicines supplement each other, and the use of both, even in cases where only one may appear to be indicated, is of great advantage. Get them from your druggist.

RESOLUTIONS OF RESPECT.

On the death of Kate Coolidge of Upton Georgia.

Whereas our Sister Kate Coolidge, a charter member of our Order, has been called to the Great Beyond, to remind us again of the frailty of life, and although we believe the all-seeing eye of God is ever watching over us, and that His death all things well, nevertheless, we sorrow in our earthly way for our Sister. Therefore, be it Resolved, that we send a copy of these resolutions to the bereaved family, extending our sympathy, that these resolutions be spread upon our records and printed in the Norway Advertiser, and that our charter be draped in honor of our departed Sister.

BRYANT'S POND

Still Minus a Hotel.

Just the other day our telephone central had a call from a distant party who wanted the hotel and our central had to inform this party that the hotel didn't have any. That reminds us very forcibly that our greatest need of all is still lacking. Bryant's Pond cannot grow and prosper as it should as long as it is without what is almost a necessity for any town. Just as long as we wish for a hotel and sit still and do nothing towards getting one just so long will we remain where we are. Every year we get along without one, every year we are losing opportunities for growth and progress which we cannot afford to lose. Let us wake up, wake awake, and see if we can secure within the next year or so what we so greatly need here and what would mean so much to the future of Bryant's Pond and the good old town of Woodstock.

Mrs. Edith Abbott entertained the Quiet Club at her home Friday evening, April 7. A bird contest caused much merriment among the members. Mrs. Alton Bacon won first prize. Mrs. D. A. Cole won the last prize. The usual games of the contest were followed by a delicious lunch of sandwiches, coffee, pickles, orange cups and birthday cake. Those present were: Mrs. Alton Bacon, Mrs. N. I. Swan, Mrs. Fred Farnum, Mrs. Leroy Titus, Mrs. D. A. Cole, Mrs. Archie Verville, Mrs. Everett Record, Mrs. Fred M. Cole, Mrs. C. J. Dudley, Mr. and Mrs. Henry Morgan are happy over the arrival of a son in their home, April 11.

Mrs. Lydia A. Dunham passed away at her son's, Elton Dunham's, Monday afternoon, April 10, at the age of 84 years, 9 months and 2 days. She was the wife of the late Lemuel Dunham, who passed away Oct. 4, 1915. Mrs. Dunham was a woman who was loved by all who knew her. She was a Christian for many years. She joined the Bryant's Pond Baptist church May 3, 1879. She was truly a "Mother in Israel." The funeral was held at the house, Wednesday afternoon, attended by Rev. E. H. Stover of Bryant's Pond. Burial was in their family yard.

He died respected by all who knew him.

Mr. Wm. O. Frothingham was brought up in the village of South Paris. He has the respect and confidence of all the people of this model little, thriving New England community. No better people live anywhere on earth. They are proud of Mr. Frothingham as they have a right to be. They measure one for his integrity, his worth and his ability. For many years he has been the efficient secretary and treasurer of the Oxford County Agricultural Society.

In 1912 he was elected Sheriff of the County of Oxford. In 1914 he was re-elected sheriff and during the period he has served, no one has questioned that he has performed his duties faithfully and to the best of his ability. He has not run for office to make political capital or votes for himself or his party, but with an eye single to the faithful performance of the high duties of his position. Such an official will long be remembered with commendation by all who prize good government and the able and faithful execution of the laws.

Small Electric Plants

Why not light your home with electricity? It is superior to all other light, is safe, healthy, costs little, and can be used anywhere. It can be used and left burning near hay, grain, cotton or paper without danger of fire. No turning over the lantern in the hay or children overturning the kerosene table lamp. You can clean thoroughly and quickly with a vacuum cleaner, wash your dishes or your clothes with an electric machine, cook, iron, churn, separate milk, cut fodder, pump water, charge an electric automobile, ventilate and cool the house, operate an incubator and a brooder and do many other useful things.

You can secure one of these inexpensive and easy to run little plants, tuck it away in a corner, an out-building or the cellar, and enjoy all the comforts of "push the button light." The outfit is easily operated and costs little to run.

Cured of Worms

Familiar signs of worms in children are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with occasional gripings and pains about the navel, pale face, of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out of the tongue, starting during sleep, slow fever. If your child shows any of these symptoms, start using Dr. True's Elixir, the Family Laxative and Worm Expeller, at once.

"My little son is gaining every day and I think more of Dr. True's Elixir, than all other such medicines put together," writes Mrs. J. H. Cagnon of Manchester, N. H. At your druggist's, 35c, 50c, and \$1.00. Advice free. Write me.

To-Day We Offer For \$7000

No. 25—300 acres. This farm is a real bargain for anyone as it is splendidly located, and well adapted for all farming purposes. Located as it is being only 50 miles from Portland and 23 from Lewiston and Auburn, 4 miles from Norway and South Paris villages, two good live B. B. villages being well represented in business, good graded schools and churches, all denominations. First-class National and Savings banks, stores of all kinds well stocked. On this farm there is a 12-room Colonial house with broad piazzas, 100-ton silo, 40x40 connected. Barn 42x62, and stable 40x40 connected. Good head of stock, hog, hen and turkeys, good water supply from never-failing wells. This wases Lake, well stocked with fish. General slope farm is well fenced with wire. General slope 70 to pasture for 30 head of stock, balance well covered with wood and timber, estimated 100,000 feet pine and 2,000 cords of hard-wood. Some valuable oak and white birch. Will cut 45 tons of hay and 60 tons of fodder. 500 young apple trees beginning to bear. 60 sugar maple last year, an off-season. 300 sugar maples. Good highways, low tax rate. Now taking into consideration that there are about \$2,000 worth of buildings on this place and about \$2,000 worth of wood and pine timber that may be cut at any time and sold there from, this is actually the best bargain for a farm, this is actually the best bargain for a farm, this is actually the best bargain for a farm. NORWAY AND VICINITY.

Sixty-fifth Marriage Anniversary.

It was a rare event that brought the relatives and friends of Mr. and Mrs. John D. Beal to their home on Trapelo road, Waltham, Mass., to offer their congratulations on the sixty-fifth anniversary of their marriage.

This interesting couple were both born in Maine. Mr. Beal in Norway, ninety-one years ago, and Mrs. Beal in Harrison, eighty-five years ago. The early part of their married life was spent in Norway, where two children were born to them, the eldest a son, who died at the age of seven. The daughter, with her husband, George Hamlett, took after the comfort and happiness of their father and mother. Both Mr. and Mrs. Beal are very active.

The guests with their good cheer brought many beautiful flowers and plants.

Refreshments were served by their only grandchild, Mrs. William Potter of Waverly, Mass. Piano selections were rendered by Gertrude Whitney.

The following poem was written by Mrs. Henry M. Wiggins of Arlington, Mass., a sister of Mrs. Beal, and read by the daughter:

Sixty-five years you have traveled together,
 Passing through life in all kinds of weather,
 And on the road people would say,
 "What a jolly good couple is coming our way."

Your golden wedding we thought great,
 But this anniversary is one to relate,
 Your friends are proud of you as we know,
 Perhaps I ought not to tell you so.

But then it would not be quite fair
 If I did not say you were a dear old pair.
 The trials of life we all have to meet,
 But God gives us strength if we but seek,
 And we can make life brighter for every man
 If we only will study God's great plan.

May the light of love illuminate the rest
 Of the way,
 And make you younger every day.

Now, dear ones, I can only say,
 May God bless you forever and aye.

An all day meeting of the Ladies' Aid of the Methodist church was held Thursday, at the vestry. The work of the day included the making of puffs. At noon a picnic dinner was served.

Mrs. William C. Leavitt and Tessa Thibodeau entertained the Young Married Ladies at the home of Mrs. Leavitt, Thursday.

Mr. and Mrs. Howard Winchester and son Marshall of Manchester, Mass., have been recent guests of Mrs. Winchester's mother, Mrs. Clara A. Hayden, of Pleasant street.

Its already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.

Joe Lebocke is on the sick list. Anson Holden recently came into possession of a document which is of interest and highly prized as a souvenir, it being the authentic history of the services of his great-grandfather, Lieutenant David Ray, in the war of the Revolution as recorded in the Pension Office at Washington.

Lieutenant Ray was a prisoner in Canada for a time but was exchanged and returned to his regiment, serving in all, six years. His death occurred before the law was passed granting a pension to the soldiers of the Revolutionary War, but a pension was granted his widow when she was 90 years of age. A sword carried during the war by Mr. Ray is still preserved by his descendants and prized as a relic of olden times. The record from the Pension Office was obtained by Capt. Granville Fernald of Waterford while a resident at Washington in 1880, and now forwarded by him to Mr. Holden to be carefully preserved.

J. C. BRADY

"A druggist has many opportunities to make lasting friends of his customers," said Mr. J. C. Brady, popular Rexall Pharmacist of Fall River, Mass. "The very nature of his business draws their confidence for little helpful suggestions on the matter of health. Many people have thanked me for recommending Rexall Orderlies as the best relief for constipation and its resultant ills. Put up in dainty candy tablet form, they are pleasant to the taste and make an ideal laxative for the home—for men, women and children alike."

A Big Free Dinner.

A big free dinner was given by the Grange and the Burnham M. Co., at the all-day meeting at the Grange Hall, last Saturday, to a lot of farmers and boys who are not members of the Grange, but are interested in corn growing, who with the members of the Grange altogether a 150, were amply supplied with fish and clean chowder furnished by the corn canning company, with coffee and pastry furnished by the ladies of the Grange and served by them.

Hartland W. Welch who is the local superintendent for the Burnham & Morrill Co., planned the dinner, did the business with the company, and sent out written invitations to the farmers and their sons, also secured the speaker for the afternoon.

The forenoon session was a short regular business meeting in which the Grange made some plans for the exhibit for the County fair in the fall.

The afternoon was open to all interested in agricultural clubs among the boys and girls. The program was opened with a piano trio by Doris Field and Madeline Peabody and Mrs. Mary Skelton. Earl Hollis recited his prize contest piece, "How Rabbits Play," which was greatly enjoyed. Worthy Master A. R. Tuell then called upon Rev. D. A. Ball, who had been chosen local leader of the local corn club, who expressed a few words of greeting and then introduced Professor R. P. Mitchell, who gave a very interesting account of the boys' and girls' clubs, how, when and where they originated and the outcome of the same, citing many individual experiences. The first corn club in Maine was formed in 1913. Then he explained the conditions and prizes awarded in the clubs. A corn club was formed with the following officers:

President—Harold Penham.
Vice-President—Earl Hollis.
Secretary—Morris Ellingwood.
Treasurer—G. Russell Briggs.

Professor Mitchell gave another talk on corn culture which was very instructive and helpful and at the close many questions were asked which were readily answered by the speaker. There have been quite a number more boys who have asked since the meeting about joining the club. The opportunity is still open for anyone who will apply to Mr. Ball, above mentioned.

The Pine Cone Whist Club have postponed their whist party to Friday evening, April 21, at Centennial Hall.

Dr. O. E. Yates is slowly improving in health. He is able to lift his right leg a little at the knee and move the toes too, which was where the paralyzed part was. He is patient and cheerful and has good courage. He expects to be in a wheel chair when he can get about the house. Mrs. Nathan Brock is taking care of him now.

Mr. and Mrs. Ethridge and daughter of Auburn have moved into the downstairs rent of the Benson house.

George Felton and family who have been in the Benson house through the winter, have moved back onto their farm on High street.

David Emmons.

Again death has taken away one of our most respected and prominent citizen and resident of this place for nearly 80 years.

David Emmons passed away Tuesday morning, April 11 on his 70th birthday. He was one of eleven children of Jacob and Sarah Shepard Emmons of Biddeford. They moved to Groenewald in 1861. Of the ten who lived to grow up, only four survive, Mrs. Phoebe W. Emmons and Mrs. Betsy Smith of Kennebunkport, Mrs. Christina Emmons, who since the death of her husband several years ago has lived with her brother and Millard Emmons, the youngest of the family, who also has made his home there.

Mr. Emmons married Mrs. Emily Ide Hawkins of St. Johnsbury, Vt., in 1887, who died about five years ago and who will be remembered as a very public spirited woman and very helpful in all social organizations. Mr. Emmons learned the machinist trade of Mrs. Emmons's father, Mr. Ide, and they came here to live soon after they were married. His blacksmith shop on Pioneer street is now occupied by S. R. Johnson.

An attack of rheumatism a few years ago made him unable to continue blacksmithing. The most of the time since his wife died he has done the house work and become quite proficient in the line of cooking. His sister, Christina, has been unable to do much about the house since a hard sickness she had about six years ago.

Mr. Emmons's last sickness was an organic heart trouble, which came on in a more serious form two or three weeks ago, the last week he had to have special nurses at night, while his brother took care of him days. Also his sister's daughter, Mrs. Abbie Hayes has been with them for a month or two.

Mr. Emmons attended the Methodist church with his wife as long as she was able to go. Sickness has made him almost a "shut in" ever since. He was a member of the I. O. O. F. and Rebekah lodges. He has a large circle of sympathizing friends who will miss his kind, friendly face.

The funeral will be held at the Methodist church, Friday at 1:30 p. m. Rev. C. H. Young will officiate and also the I. O. O. F. lodge in a body.

John Porter has sold his stand to Edgar F. Barrows. The place is situated on Maple street, next to the hotel. Mr. Porter and family are planning to move to Paris Hill. Will be sorry to lose them.

One, two, three.
Eighty-three, five forty, was the game of the evening. Fine refreshments were served by the hostess, and at a late hour the guests reluctantly departed, after many expressions of pleasure enjoyed, and many congratulations to the guest of honor.
